Navigating and organizing

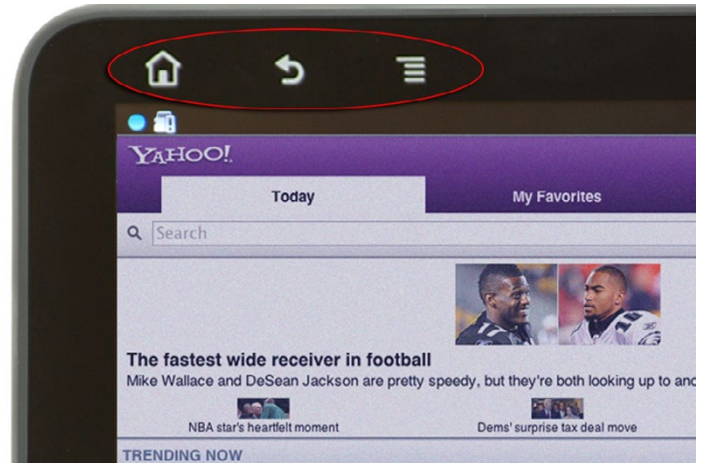

The touchscreen on the [HP Photosmart eStation](#) has a very simple interface that makes it easy to get to the information you want, fast! Plus, you can populate with as much—or as little—information as you choose.

Getting around

Use the buttons on the touchscreen's frame to go **Home**, **Back**, or **Print**.

To move between the touchscreen's "pages", swipe your finger across the touchscreen.

To expand the app and print app menus, touch the **small arrow** at the bottom of the page. Touch it again to collapse the menu.

Use the buttons on the touchframe to return to the eStation's home screen, to go back, or to print content.

Getting organized

Use **Manage screen** to choose what information is available on your home screen. From here, you can add, subtract, and rearrange your apps.

Use the **+ button** to add more print apps.

Bookmark your favorite Web pages to get there faster!
