The Great Outdoors Frame — Customizable

Option 1

Materials

- 1 printable magnetic sheet
- X-ACTO knife
- Metal-edged ruler
- Cutting mat
- 4x6" photo

Instructions

1. Customize your frame by typing a description of your photo into the space provided (ex: Honeymoon in Yellowstone).
2. Print the frame onto the magnetic sheet. Set aside to dry completely.
3. Place the cutting mat underneath the magnetic sheet. Using the X-ACTO knife and the ruler as your guide, carefully trim the white areas from the inside and outside of the frame.
4. Place your photo behind the frame, stick to a metal surface and enjoy!

Option 2

This option uses the Xyron 510, a 4-in-one machine that can laminate as well as make magnets, stickers and labels.

Materials

- Xyron 510 machine
- Xyron Laminate/Magnet cartridge
- 1 sheet of card stock
- X-ACTO knife
- Metal-edged ruler
- Cutting mat
- 4x6" photo

Instructions

1. Customize your frame by typing a description of your photo into the space provided (ex: Honeymoon in Yellowstone).
2. Print the frame onto the card stock. Set aside to dry completely.
3. Trim the frame so that it will fit into the Xyron and run it through the Xyron Laminate/Magnet cartridge.
4. Place the cutting mat underneath the magnetic sheet. Using the X-ACTO knife and the ruler as your guide, carefully trim the white areas from the inside and outside of the frame.
5. Place your photo behind the frame, stick to a metal surface and enjoy!
